MBBS Year 3 Enrolment Information

To help you enrol for 2011 please follow the steps below.

Step 2: Complete your online Enrolment Checklist on Access Adelaide.

Step 3: Enrol in of your courses for semester 1. Please take note of the class (section: CB01 for CBL) you select as you will need to enrol in to the same ‘Section’ for semester 2. The “Section” is a code, eg. CL01 and this code determine which class you are in. Here are the links to get the class number for your semester course.

- Medical Professional & Personal Development
- Scientific Basis of Medicine
- Clinical Skills
- Research and Clinical Reasoning

Step 4: Once you have completed your semester 1 enrolment, you will now need to enrol in to semester 2 courses. Please don’t forget to enrol in to the same class/section for your CBL and tutorial as you did in semester 1

- Medical Professional & Personal Development
- Scientific Basis of Medicine
- Exam
- Clinical Skills
- Research and Clinical Reasoning

If you have any troubles with your enrolment please check this website [http://www.adelaide.edu.au/enrol/steps/](http://www.adelaide.edu.au/enrol/steps/) or contact the Student Centre on 8303 3833 or via email enrol.help@adelaide.edu.au

IMPORTANT:

**TB Screening Notification**
Students who undertake clinical placements, internships or research projects involving children or people who are ill, elderly or vulnerable are now required to demonstrate tuberculosis (TB) clearance by producing a TB Screening Notification obtained through a test at SA Tuberculosis Services.

If a student does not have a valid TB Screening Notification they will not be allowed to attend the placement, or undertake the relevant research. Some of these placements and research activities are essential components for successful completion of the year. Information on specific requirements for individual clinical attachments will be provided by the placement coordinator.

*It is the student's responsibility to acquire their TB Screening Notification and take it with them to all clinical placements.*

*If possible, you may wish to make an early appointment in case there is a rush on this service.*

**Programs requiring student TB clearance for clinical placements:**

- Bachelor of Medicine, Bachelor of Surgery
- Bachelor of Dental Surgery
- Bachelor of Oral Health
- Bachelor of Nursing
- Some Postgraduate Psychology programs.

Appointments for a TB screening test can be made at the following location:

SA Tuberculosis Services
RAH Chest Clinic
